

This care sheet is very basic. Upon adoption of animal, we will provide more in-depth information. If you have questions, feel free to contact us!

Basic Rabbit Care

Food: Prefer Oxbow products, Kaytee & Fiesta are good. Vegetables (the animal should have a pile the size of the animal), 10% fruits, and timothy hay is a must for proper digestion.

Bedding: Carefresh (preferably white), newspapers, old blankets, NO fabric softeners, dyes or perfumes.

Water: Water bottles are preferred; some rabbits will only drink from dishes.

Caging: Rabbit cage or similar, no wire bottom cages, as this can cause problems.

Misc: Rabbits must have something to chew on, and have access to their own poop, they produce 2 types of poop and they have to eat it for nutritional value.
